

We Are Months

Author: Mebanda Iaka Blah Dkhar
Illustrator: Mark Jakrikra

January is the first month of the year.

Then comes February, telling us "Spring is here!"

March is a month that is so
very windy,

But April brings rain to keep
us all busy.

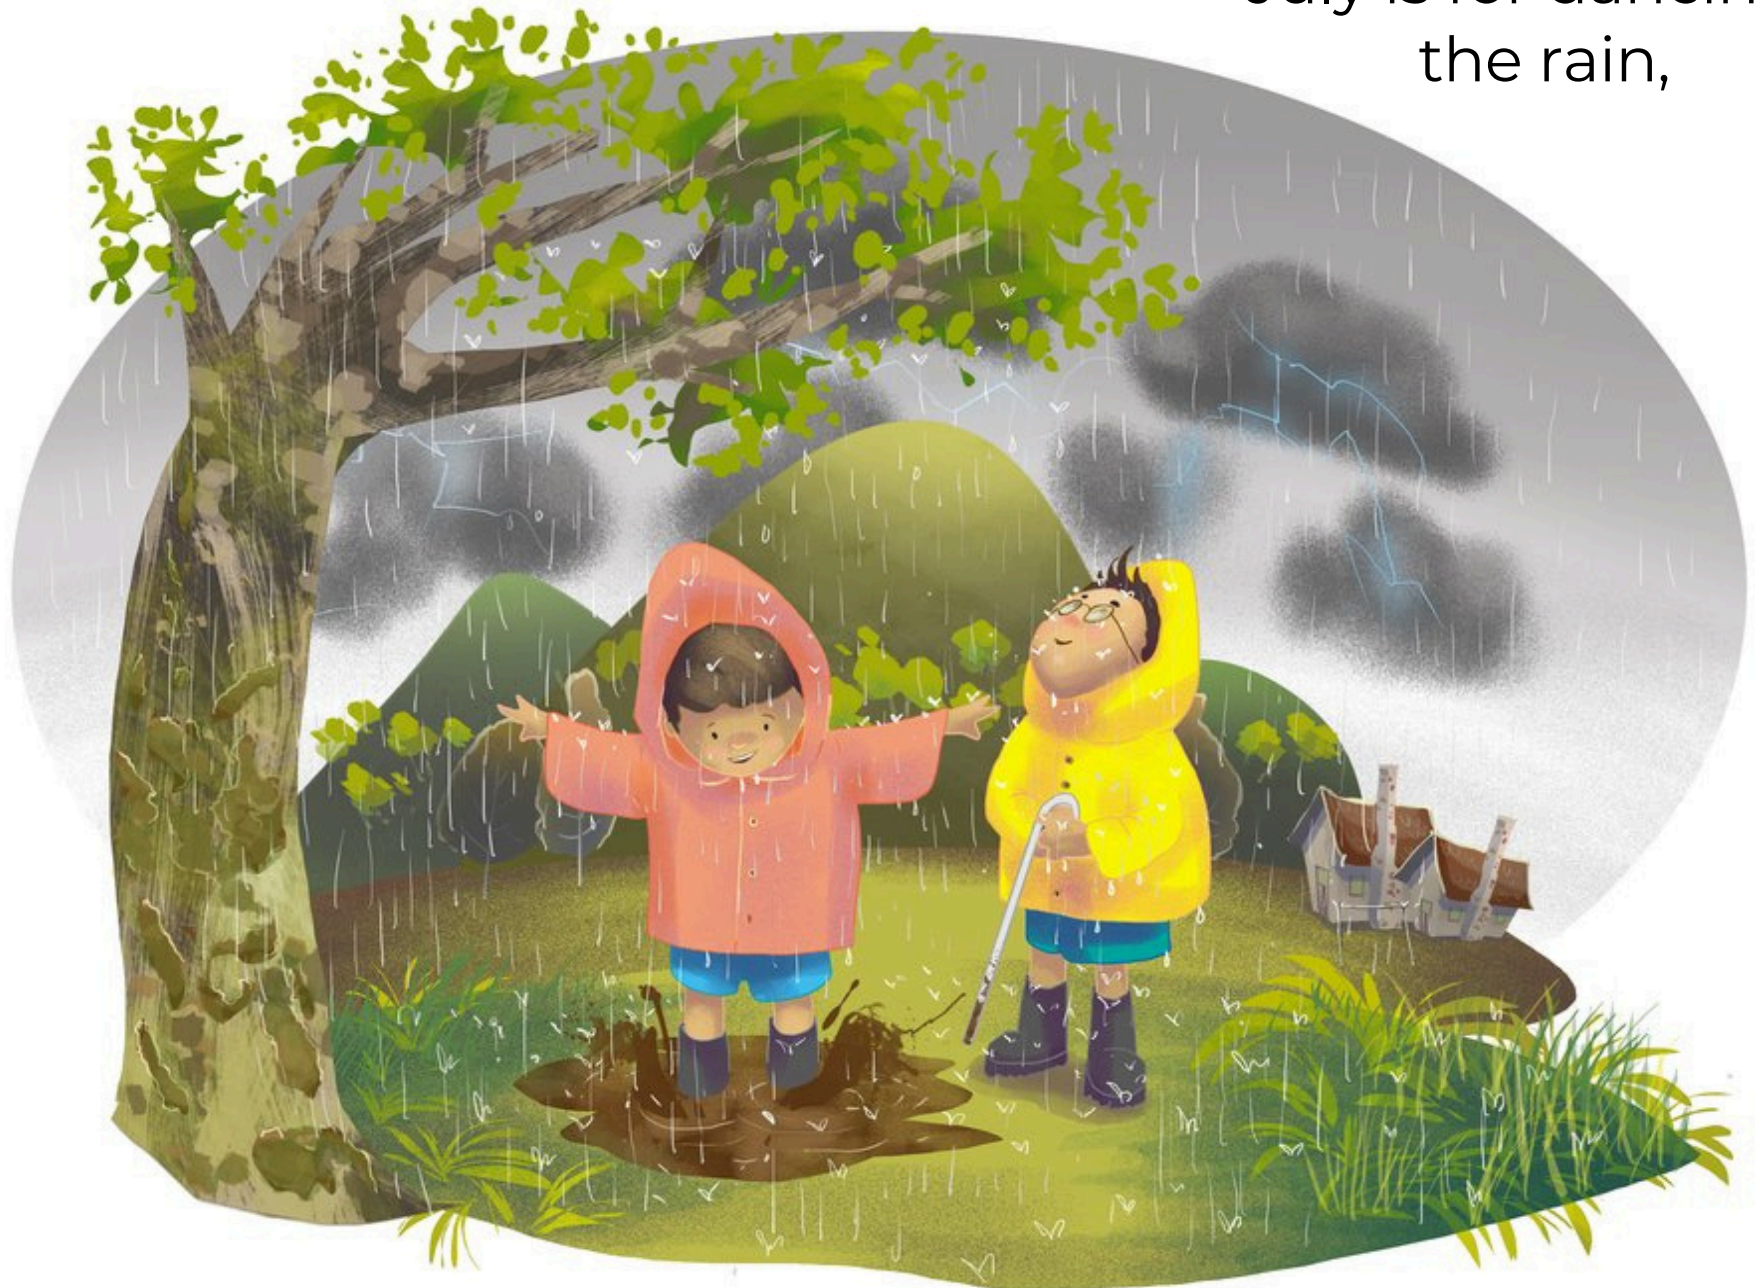

May is for picnics under
skies so blue,

June has sunny days, rainy days and happy rainbows too.

July is for dancing in
the rain,

In August you can do it
all over again.

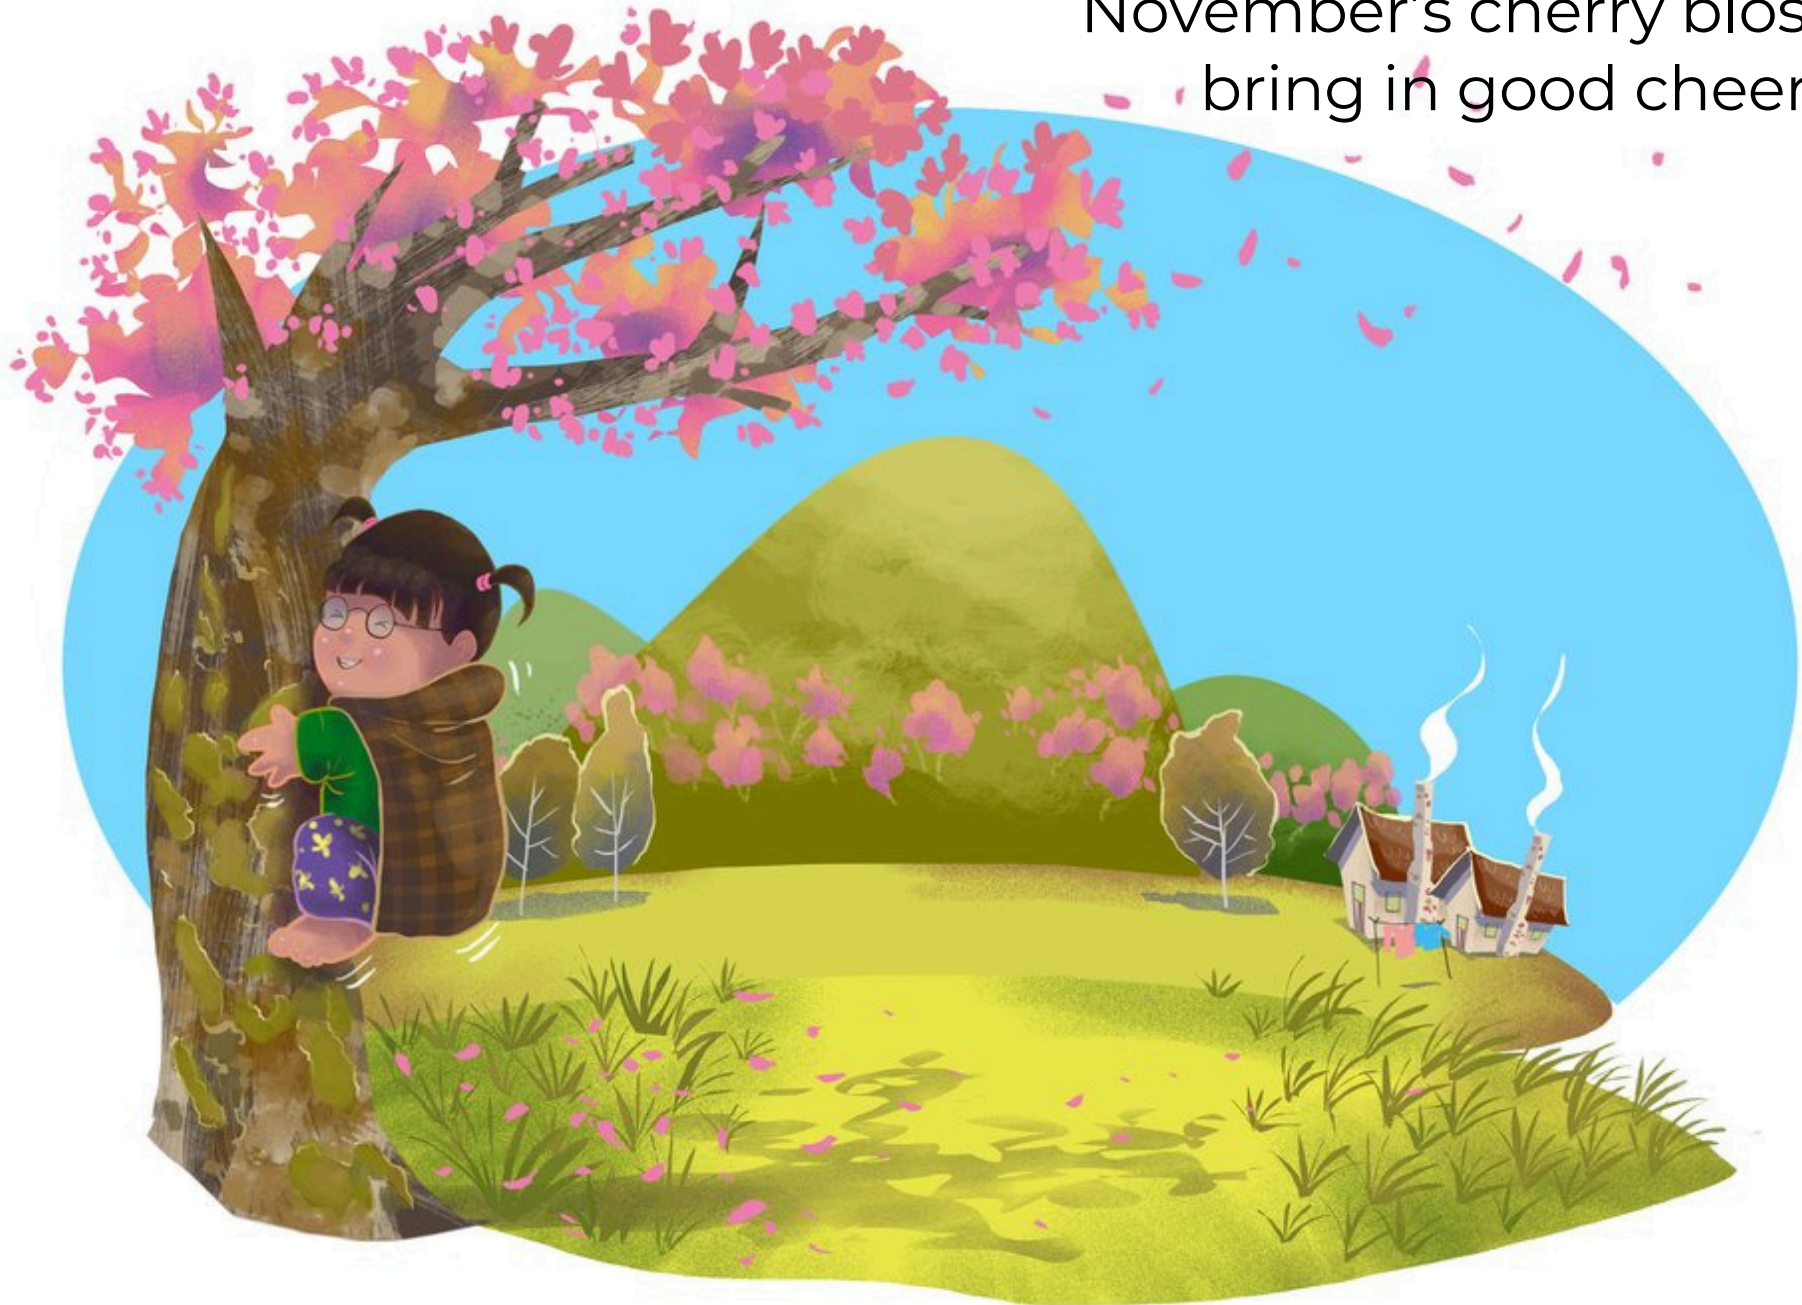

September skies are for
starry wishes,

October is for catching
a bucketful of fishes.

November's cherry blossoms
bring in good cheer,

And December is the last month of the year.

Every month is different but together they make up one year.
